

# PETRO CLEAR POLYCARBONATE STOCK PROFILES

## Clear Polycarbonate Corner Angles and Channels Now Available From Stock

Petro announces the availability of six new clear polycarbonate profiles – three channel profiles ranging in size from 1/8" to 3/8" and three corner angles in 1/2" to 1 1/2" sizes. All six items can be ordered from stock in 2, 4 and 6 foot lengths.

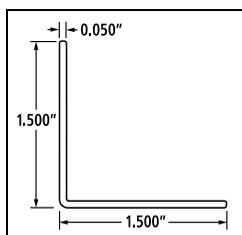

These profiles are produced from UV resistant grade polycarbonate resins providing clarity, impact resistance and ease of fabrication. All parts are .050" thick.

Our corner angles are perfect for protecting walls as well as any other areas where impact and abrasion resistance is required. Our clear channels are great for applications where edge protection is desired while allowing protected material to show through.

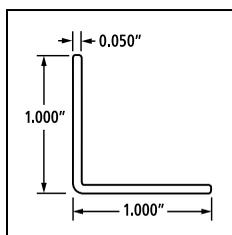

As with any stock product from PETRO, custom lengths and specialty colors can be provided to meet specific application requirements.

### CLEAR POLYCARBONATE STOCK SIZES

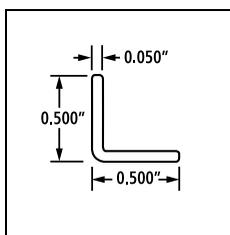

| CORNER ANGLES |               |               | CHANNELS |               |               |
|---------------|---------------|---------------|----------|---------------|---------------|
| Part No.      | Size (inches) | Length (feet) | Part No. | Size (inches) | Length (feet) |
| J-830         | 1/2           | 2             | J-833    | 1/8           | 2             |
| J-830-4       | 1/2           | 4             | J-833-4  | 1/8           | 4             |
| J-830-6       | 1/2           | 6             | J-833-6  | 1/8           | 6             |
| J-831         | 1             | 2             | J-834    | 1/4           | 2             |
| J-831-4       | 1             | 4             | J-834-4  | 1/4           | 4             |
| J-831-6       | 1             | 6             | J-834-6  | 1/4           | 6             |
| J-832         | 1 1/2         | 2             | J-835    | 3/8           | 2             |
| J-832-4       | 1 1/2         | 4             | J-835-4  | 3/8           | 4             |
| J-832-6       | 1 1/2         | 6             | J-835-6  | 3/8           | 6             |

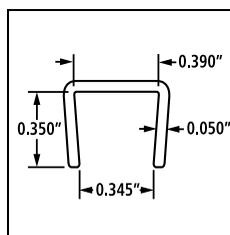

1 1/2" Corner Angle J-832

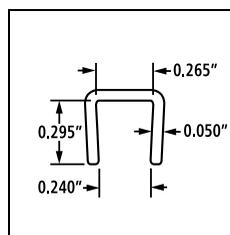

1" Corner Angle J-831

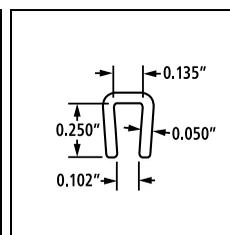

1/2" Corner Angle J-830

3/8" Channel J-835

1/4" Channel J-834

1/8" Channel J-833

## Other Stock Products available from Petro Extrusion Technologies, Inc. include:

**ACRYLIC PROFILES** – Six popular Acrylic Channel and Slatwall type profiles available in both General Purpose and Impact-Resistant Grades, including three different Z-Bar shapes.

**NYLA-GLIDE GR™** – These MDS-Nylon 6 channels are available in 15 different profiles. Offered off-the-shelf in stock coils or standard straight lengths, this heat and wear resistant material is Dark Gray/Silver in color.

**POLYPROPYLENE TUBING** – Featuring the highest quality homopolymer resins in nine popular sizes, available from stock in convenient coils. Color is Natural.

**SOLEF™ PVDF STOCK TUBING** – Available in eleven sizes off-the-shelf, in 50 foot coils. Excellent resistance to high heat and chemicals. Color is Natural.

**PE STOCK CHANNELS** – Available in six profiles. Similar to Nyla-Glide GR channels but in a more flexible, economical grade thermoplastic. Excellent for all types of edge trim applications where nominal heat and chemical resistance is required. Available in Black color from stock in 100 foot coils.
