

PETRO STOCK ACRYLIC PROFILES

PETRO – the Leader in Engineering Grade Thermoplastic Extrusion offers Acrylic Profiles off-the-shelf

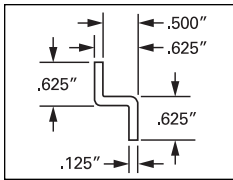

A line of stock Acrylic Profiles is available from PETRO for a wide variety of applications including P.O.P. display assemblies. Most items are available in crystal clear general purpose Acrylic as well as impact-modified DR® grade. Some of the many properties of our high quality shapes are:

- Excellent optical light transmission (92% in general purpose grades)
- Excellent resistance to sunlight and UV to withstand yellowing
- Ease of fabrication makes it the most economical thermoplastic available
- Superior chemical resistance
- General purpose or impact modified grades

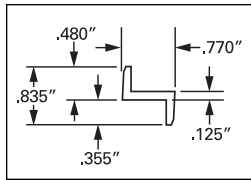

3/4" Z-Bar
PART NO. 3872

Our most popular z-bar, available in GP and DR grades. 6 foot lengths.

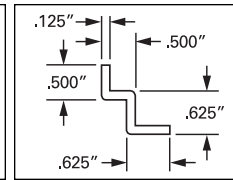

5/8" Z-Bar
PART NO. 3845

Another popular slatwall component, available in GP and DR grades. 6 foot lengths.

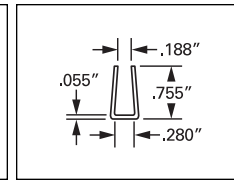

1/2" Z-Bar
PART NO. J-1160

Used in modified slatwall systems, available in GP and DR grades. 6 foot lengths.

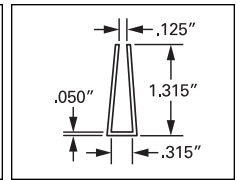

W-Bar
PART NO. J-221

Used for specialty slatwall assemblies, available in GP and DR grades. 6 foot lengths.

3/4" Channel
PART NO. 4304

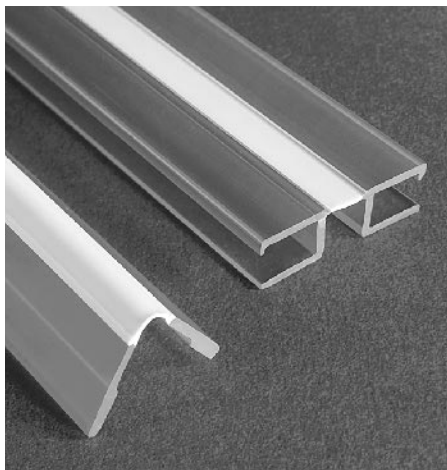

Edge channel fits over 1/4" sheet, available in DR grade only. 6 foot lengths.

1 5/16" Channel
PART NO. 3562

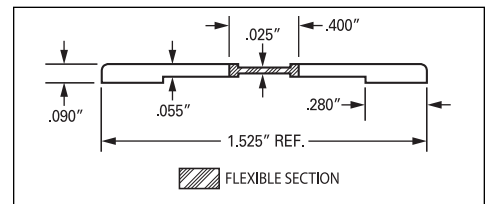

Edge channel fits over 1/8"-1/4" sheet, available in DR grade only. 6 foot lengths.

PETRO LIVING HINGE™

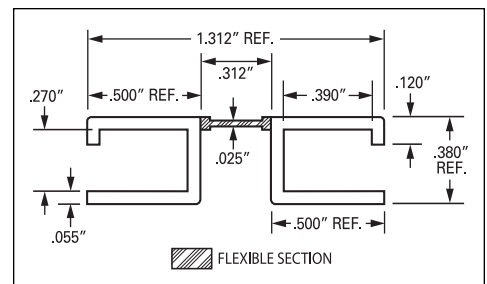

The strongest, most reliable one-piece Acrylic Hinge available!

Petro's Living Hinge is a continuous, coextruded thermoplastic hinge combining Impact-Modified acrylic wings for toughness with a polyester thermoplastic hinge membrane for full flexibility and long life. Designed for ease of assembly to other acrylic components by mechanical fastening or gluing, our hinge has been tested for over a million flexes without failure or fatigue. Available from stock in either flat or channel profile.

J-574 FLAT HINGE

J-602 1/4" CHANNEL HINGE
